SWEDEN'S AID TO GERMANY IN ARGENTINE REVEALED BY U. S.

Washington, Sept. 8.—How Sweden's legation in Argentine, acting as a secret means of communication between the German charge in Buenos Aires and the Berlin foreign office, transmitted information of the sailing of ships and directions for the destruction by submarine, was revealed today in official dispatches made public by the state department.

The following was issued at the state department:

"The secretary of state today made the following statement:

"The department of state has secured certain telegrams from Count Luxburg, German charge d'affaires at Buenos Aires, to the foreign office at Berlin, which, I regret to say, were dispatched from Buenos Aires by the Swedish legation as their own official messages, addressed to the Stockholm foreign office.

Text of Information.

"May 19, 1917. No. 12. This government has now released German and Austrian ships on which hitherto a guard has been placed. In consequence of the settlement of the Monte (Protegido) case there has been a great change in public feeling. Government will in future only clear Argentine ships as far as Las Palmas. I beg that the small steamers Oran and Guazo, 31st of January (meaning which sailed 31.) 300 tons which are (now) nearing Bordeaux with a view to change the flag may be spared if possible or sunk without a trace being left (Spurior Versenkt').

"Signed 'Luxburg.'"

Called Minister Names.

"July 3, 1917. No. 59."

"I learn from a reliable source the acting minister for foreign affairs, who is a notorious ass and Anglophile, declared in a secret session of the senate that Argentine would demand from Berlin a promise not to sink more Argentine ships. If not agreed to, relations would be broken off. I recommend refusal, and, if necessary, calling in the mediation of Spain.

"'Luxburg.'

July 9, 1917. No. 64.

"Without showing any tendency to make concessions, postpone reply to Argentine note until receipt of further reports. A change of ministry is probable. As regards Argentine steamers, I recommend either compelling them to turn back, sinking them without leaving any traces or letting them through. They are all quite small.

"'Luxburg.'"

Given Without Comment.

Copies of official dispatches sent to the Berlin foreign office by Count Luxburg, the German charge in Buenos Aires, in cipher through the Swedish legation there, as its own communications, were made public by Secretary Lansing, without any comment as to how they fell into the hands of this government, or any indication of what is to come as the result of disclosures.

Copies of the state department's announcement were delivered at the same time they were made public to the Argentine embassy and the Swedish legations here.

Besides revealing the means in which Germany used Sweden in her machinations in Argentine, the dispatches show how the German charge at the time Argentine was having a critical diplomatic controversy with Germany over submarine destruction of her ships, was sending through the Swedish legation information of the sailing of certain vessels, with recommendations that they be sunk "without leaving any trace" and in other dispatches was informing his government how to regard Argentinas protests.

In the absence of any official comment, it appeared that the manifest purposes of the United States in publishing the correspondence were two. First, to show the relations between Germany and Sweden, at least so far as the legations in Argentina were concerned; and second to disclose to Argentina, where German inbuences seem to have been strongest in all South America, the manner in which the German diplomatic agent at her capital was giving secret instructions for the destruction of her shipping and the manner in which he was guiding his government in dealing with Argentina diplomatically. Germany recently gave Argentina a promise that no more of her shipping would be sunk in violation of international law. It was announced that Argentina accepted Germany's promise as a satisfactory solution to the situation that threatened a break in diplomatic relations, if not war.

IMPEACHMENT TRIAL HALTS; NO SATURDAY SESSION

Austin, Texas, Sept. 8.—The impeachment trial of James E. Ferguson made no progress today while the senate high court was recessed until Monday.

Estimates as to the duration of the trial vary, but most legislative leaders think it will run at least ten days more.

Voting on the demurrers presented by the governor probably will be the first thing done after arguments, although the high court, as a jury, may discuss the evidence in an executive session prior to voting.

The exact procedure must be determined by the court itself, but it is considered probable that each of the demurrers will be voted on separately. Should all be sustained there would be no need to vote on the articles of impeachment. The governor would be acquitted of the charges against him.

If any of the demurrers or all of them are overruled after each has been voted on in order, the articles of impeachment will be considered in their order.

Conviction o none article will constitute impeachment.

A majority vote will be sufficient to sustain or overrule a demurrer. A two-thirds vote will be necessary on the articles of impeachment. The presence of a quorum of twenty-one members will be sufficient to constitute the high court.

This Swede Alibis for Erring One.

Washington, Sept. 8.—Baron E. Akerhielm, the Swedish charge d'affaires, today declared it was improbable that the Swedish minister at Buenos Aires knew of the contents of the dispatches or he would not have allowed them to go forward. He said that not having any advices from his own country, he would not comment on the matter at this time.

WILL BE COMPETED WITH A GRAND ISSUE

At a called meeting of the stockholders of the Paris Golf Club last night it was decided to go ahead and complete the improveemnts at present under way and to make a bond issue for the amount necessary to complete them. Of this amount $2, 800 was subscribed at the meeting. The improvements when completed, Mr. Blyth, the secretary, stated would make the Paris golf course one of the best equipped and certainly the prettiest in the entire state. The improvements will be completed with out unnecessary delay.

MAYOR ARRESTED FOR RIOT TROUBLES

Belleville, Ill., Sept. 8.—Mayor Fred Mollman, of East St. Louis, and his private secretary, Maurice Ahearn were indicted again here late today in connection with the grand jury inquiry in the recent race riots in East St. Louis. Indictments were also retrned against 27 other persons in connection with the riots but the names were not available tonight as capiases for the arrests had not been served.

FIRE AT FAIR GROUNDS WILL NOT AFFECT FAIR

A double row of sixty-six box stalls and the hallway between them were destroyed by fire at 7:30 o'clock last night at the fairgrounds. The stalls were in the northeast corner of the grounds and the fire broke out in the west end. At first it was thought that it was caused by defective wiring, the Paris Battery having occupied the place and having put in temporary wiring, but on investigation it was found that the switch was thrown, thus proving that it could not have been from that cause. Some baled hay had just been moved into the place, but luckily there were no horses in the stalls and none of the stock were damaged.

When one of the horsemen discovered the fire it just had started and was very small, but when it got into the hay it burned rapidly. The firemen responded at once, although it was outside the city limits, and they were handicapped by not having a line to hook onto and they didn't know for some time that there was a cistern that could have been used. When they finally got a stream from the cistern they played on the fire with the Webb motor and kept the flames from spreading to adjoining stalls. The damage was about $1,500 and there was no insurance.

The fire came at a very unfortunate time just on the eve of the opening of the fair next Tuesday, but the managers of the Fair Association, who are live wire citizens, soon got their heads together and decided to rebuild the stalls at once in time for the opening of the fair. Permission will be obtained from the county authorities to work on Sunday, and a large force of men will be put on the job today clearing away the debris and rebuilding the stalls. Secretary G. R. Coleman stated late last night that the fair will be bigger and better than ever, including the stock exhibit and racing program, notwithstanding the fire.

CHANGE OF PRINCIPAL FIRST WARD SCHOOL

Prof. J. M. Roach, who has held the position of principal of the first ward school for several years, and who has held high rank in the esteem of the teachers, has tendered his resignation and accepted a position in the East Texas Normal at Commerce, recently purchased by the state and which has been made a state institution with R. B. Binnion, formerly of Lamar county, as president. The school board has transferred Prof. A. H. Champess, principal of the East Paris school, to the first ward to fill the vacancy caused by Prof. Roach's resignation and Prof. W. H. Snow, former county superintendent, has been elected principal of the East Paris school.

He taught at Brookston last year and was re-elected for this year, but at his request the trustees have released him in order that he may accept the East Paris appointment. Miss Willie Thatcher, teacher of Spanish and English History, was released a month ago at her request and the place has not been filled yet. A Tyler young lady wanted to accept the position, but the school board there wouldn't release her. The different ward schools will open Monday the 17th instant, and the High School will open October 1st.

KANSAS CITY HAS FOUR NEW STRIKES

Kansas City, Sept. 8,—With the walkout of 70 0employees at Peet Bros. soap plant and the alleged sympathetic strike of workers in the Kansas City Packing Box Company, strikes in four different industries, involving nearly 4000 workers are in progress tonight in Greater Kansass City.

Substitution for the bonus system of a higher wage scale and an 8-hour day instead of 10 hours are said to be the demands of the Peet Bros. company employees.

U. S. ARSENAL WRECK KILLS 3; 23 INJURED

Philadelphia, Sept. 8.—Two workmen are known to have been killed and twentythree persons badly injured in an explosion at the Frankford arsenal in this city early today. According to workers the explosion was accidental. Two of the twenty-three injured are young women.

Major Montgomery, commandant of the arsenal, and his aids are investigating the explosion and decline to make any statement. Carelessness of a workman, it was believed, was the cause of the accident.

The explosion occurred in one of threesmall buildings known as detonating dry rooms, where the primer caps for three and six-inch shells and small arms are dried.

The building in question has its walls packed with cinders and every precaution was taken to prevent accidents.

Fire followed the explosion and soon spread to several other small buildings. In these there were three and six-inch shells, but prompt work of arsenal employes and city firemen saved the buildings and their contents from destruction.

Nineteen of the injured were treated at a nearby hospital. One is expected to die. All but five of the injured were able to go to their homes.

New York troops are guarding the arsenal and no one is permitted to enter the government reservation.

Today's explosion was the second fatal one to occur within the past five months. Two men were killed by the bursting of a shrapnel fuse in the high explosives building last April.

Three investigations were under way soon after today's explosion in which federal officials, the police and coroner participated.

The loss is estimated at about $30,000. Three small buildings were destroyed, together with about 80,-000 detonators.

Coroner Knight, completing the investigation and onquest started this afternoon, said tonight that from the explanation of Colonel Montgomery, commandant at the arsenal, the explosion was due to the dropping of a tray of detonating caps by one of the men killed.

DEATH OF W. H. HALE AT HOWLAND SATURDAY

W. H. Hale, a well known resident of Lamar county, died at 6 o'clock yesterday morning at his home at Howland, where he had been engaged in the blacksmith business a number of years. His death was due to tuberculosis, with which he had been afflicted nearly two years. He was sixty-four years old and was born in McDonald county, Mo., but spent most of his life in Texas. He first located at Glory, where he farmed and ran a blacksmith shop a long time and then moved to Howland. He was a member of the Odd Fellows lodge and of the Woodmen of the World. He leaves a wife, three sons and three daughters. One of the sons, Joe, is in the blacksmith business at Howland; another son, James, is in the navy, and the third son, Harry, lives in Oklahoma. The daughters are Mrs. Ed Morris of Little Rock, Mrs. Andrew Cheatham, living south of town, and Mrs. Bert Evans of Paris. The funeral service will be held at Evergreen cemetery today on the arrival of the Texas Midland train, conducted by Rev. Mr. Loftus.

FRENCH CLAIM GAINS IN VERDUN SECTION

Paris, Sept. 8.—The French troops made gains today on the right bank of the River Meuse in the Verdun section, occupying important positions and capturing 5000 prisoners, according to announcement of the war office tonight.

A LADY FAINTS AND HER AUTOMOBILE RUNS WILD

An exciting episode occurred on the east side of town about 6 o'clock last evening on account of an automobile running wild, the lady, who was the sole occupant of it, having fainted and being unable to control it. The occupant was Mrs. L. R. Hahn, who lives on South Fifteenth street. She had been to the home of D. S. Hammond on Magnolia street to take her son, Roy Dunagan, and after letting him out she turned south on Magnolia. After going a short distance the auto passed the home of Charley Slayden, whose wife was out in the yard. She noticed that she was leaning over a little to one side and that she had a peculiar look on her face.

Mrs. Slayden called her husband, who was in the house, and when he got out she had fallen over on the side of the seat and looked as if she was dead. The automobile was going at a moderate speed and he ran on foot to overtake it. When it reached Clarksville street it kept straight ahead and ran across the curb and sidewalk in front of the Porter Bywaters residence up in the yard and looked as if it would climb the steps, but just as it was about to go up the steps something caused it to turn. It went straight through the yard and made a circle over into S. L. Bedford's yard, after which it came on out to the sidewalk and struck a telephone pole and snapped it off close to the ground.

The collision with the telepohne pole caused the automobile to stop, but the engine kept on running until Mr. Slayden jumped up in the car and shut it off. Mrs. Hahn was still unconscious when it was stopped. Mrs. Slayden, who followed behind her husband after the auto, came up just as he shut the engine off and Mrs. Hahn soon revived. Her son was telephoned for and carried her home. She was reported to be getting along all right last night and had recovered.

BIGGEST FAIR OPENS NEXT TUESDAY

Are you ready for the Lamar County Fair? It will be ready for you. Next Tuesday morning the gates of the Lamar County Fair will swing open to the people of Lamar county, Paris and Nort hTexas, showing the greatest array of high class agriculture, live stock, race horses, swine, cattle, poultry, commercial, farm machinery and automobile exhibits ever presented to the people of this state by a county fair association.

Is there a citizen of Lamar county who does not anxiously await the opening of this fair in keen anticipation of the great educational, entertaining and amusing five days that are to come? Home economics, pure food exhibits, are, educational exhibits, in fact everything that goes to make the strongest program ever presented at a county fair.

The remaining question is—will you be there? Are you going to take advantage of this great opportunity that is presented to you after weeks, yes months, of hard work, and as result of years of training and experience. Is there a citizen, is there a farmer, is there a housewife, or is there a school child that can afford to miss an exhibition of this kind? One visit will prove that it will be worth your while.

A NEGRO PREACHER IN TROUBLE AT COOPER

Sheriff Henson of Delta county made a trip to Oklahoma a few days ago and brought back a negro preacher who was wanted in his county on three charges of embezzlement. The negro was secretary of the colored Odd Fellows lodge in Cooper, and it was claimed that he made away with all of the lodge's funds, including the grand lodge dues. It is claimed that for several months the lodge used a fictitious password, which the preacher secretary furnished them. After the sheriff returned to Cooper with his prisoner the latter succeeded in making bond in the sum of $500 each on the three charges of embezzlement.

THIRD FATALITY ON FT. SILL FIELD TRAINING CAMP

Fort Sill, Okla., Sept. 8.—One soldier was killed and two are not expected to live and nine others are more or less seriously injured as the result of an accident today when 60 horses, attached to the equipment of Battery A, field artillery, stampeded after being frightened by the heavy firing of the battery at practice. Private James Lawrence, of Cincinnati, was killed instantly. He was knocked down by the horses and the wheels of a heavily loaded artillery caisson passed over his body. Privates Peter Dyla, of Malby, Penn., and Roy Davis, of Converse, S. C., are not expected to survive their internal injuries.

Today's affair was the third fatal accident on the Fort Sill reservation in the past month. Those killed or injured today are members of an organization which has been instructing the school of artillery here for the past three months, coming here from the Mexican border patrol. They have been engaged in daily range practice but not until today was there seemingly any inclination on the part of the horses to become frightened at the firing.

TO EXHIBIT TORPEDO MODEL AT THE FAIR

The local navy recruiting office will have on exhibition a late model torpedo in the navy booth at the Lamar County Fair this week. It will reach Paris tomorrow by automobile from Dallas.

The torpedo is considered the most destructive weapon of the present war and the people of Paris and surrounding country will have an opportunity to view this great weapon which causes so much terror on the high seas. The speed, sighting mechanism and weight of guncotton will be described by the men in charge on the fair grounds and the people will have a chance to see something that they never before had the privilege of seeing.

WILL PROMOTE THE HIGHWAY THROUGH PARIS

Interest is being aroused among the towns and cities south of Paris in the proposed Lakes-to-Gulf highway of which E. C. Bracken of this city is president, and which is to be known as "The Choctaw Trail." The Dallas News had the following yesterday in regard to a meeting that has been called:

At the request of several Texas counties east of Dallas, the highway committee of the Dallas Automobile Club will hold a meeting at 1:30 o'clock next Friday in the Chamber of Commerce and Manufacturers' Association building for the purpose of securing the Choctaw Trail through Greenville and Terrell on its way from Paris to Galveston. Representatives from Cooper, Commerce, Greenville, Rockwall and Terrell will attend the meeting. The Choctaw Trail will extend from Chicago to Galveston, and runs through St. Louis, Southern Missouri, Northwestern Arkansas and Southeastern Oklahoma. The Automobile Club officials say that it will offer a good highway from Dallas to the Ozark mountains, where many Dallas people spend their summers.

ROOF BLEW OFF AS DETECTIVES PASSED

Hoboken, N. J., Sept. 8.—What appeared to be a fully equipped bomb making plant was disclosed to the police tonight when an explosion blew the roof off a small building in Third street as two detectives were passing the place. A man who fled fro mthe house was seized by one of the officers. He gave the name of Robert Lichenfeldt and his age as 53 years. He admitted that he was of German birth.

RUSSIANS FORMING NEW DEFENSE LINE TO RESIST GERMANS

Russia's probable new line in Livonia, following their retreat from the Riga section under Von Hindenburg's pressure, is now beginning to define itself. The retrograde movement which has been showing signs of slackening for the past day or two now appears to be definitely halted, in some sectors at least, where the Russians have dug in and are evidently preparing to make a stand. The Berlin report reveals the state of affairs more clearly than Petrograd. Judging from the German statement, the Russian line now extends from west of Kokenhausen on the Dvina river, about 12 miles east of Friedichstadt to approximately 55 miles southeast of Riga, northwest to the town of Bending, 12 miles northwest of Verdun and on to the Gulf of Riga. Thus the front northwest of Dvinsk, instead of curving sharply to the west of Jacobstadt, as it did, to take in the Riga district, now leaves the Dvina river there and continues on an almost straight line to the coast.

On both the German and Russian sides the opinion seems prevalent that the new German invasion will not proceed much further this fall. Approach of the rainy season militates against any real push against Petrograd at present, it is believed.

Conflicting Accounts

On the Austro-Italian front the Italian forces seem to be meeting a resistance even more desperate than before in their drive toward Triest. An Austrian report, the date uncertain, claims decided reverses for the Italians in their effort to hold the ground won in the Carso region, where Austria's best troops are massed for the protection of her great seaport. The driving of the Italians from the vicinity of Monte San Gabrielle, northeast of Gorizia, is also claimed.

There has been no hint of such setbacks in the Italian reports the last day or two and the Austrian statement possibly refers to ground admittedly lost, temporarily, by the Italians a few days ago in both these sectors.

Activity at Verdun

The Franco-Belgian front at Verdun seems again to be developing into the chief center of interest. Berlin indicates a series of efforts by the French to renew the activity on this battle-scarred area. The German war office claim a repulse was inflicted on the French Saturday morning.

In none of the other sectors have there been attacks of importance.

WAR SECRETARY WANTS TO KNOW WHY SHELLS BAD

Washington, Sept. 8.—Defective munitions sent to General Pershing's army in France will be investigated by a congressional committee.

This was assured by unanimous action by the House following a request from Secretary of War Baker for an inquiry wholly outside of his department.

For the good of the War Department, Secretary Baker informed Chairman Dent, he wished an investigation from the outside. Heretofore Baker's subordinates had insisted on a probe either by army officers or by experts designated by the department.

It was at the Frankford arsenal that an explosion occurred today.

Under the terms of the resolution, artillery and machine gun ammunition, as well as that for rifles, may be inquired into.

The House committee is practically unlimited in the scope of its inquiry. Speaker Clark will appoint nine members.

Action came in the House following a conference between Secretary Baker and Chairman Dent of the House committee.

IT RESTS WITH THE WOMEN

Our women folks are, after all, the real buyers for the whole family. Therefore the progress and prosperity of Paris and Lamar County is largely dependent upon their good judgment.

They must realize that every time they spend a dollar away from Paris they are simply taking that much away from their husbands, sons or brothers.

Every time a dollar leaves here it lessens the chance for our menfolks advancement, possibly an increase in salary, it reduces their earning power.

Surely no woman will, thinkingly, send away money that if spent here will circulate from hand to hand and ultimately come back to her.

Most women are good, true, loyal citizens, and we believe this especially true of Lamar County women. A mere mention of the above facts we believe will be sufficient.

Our home institutions must be built up all that is within our power. Let us make Paris the real city that she should be. Let us create the opportunities for our people here. The way for each of us to do our bit in this respect is to—

In Appreciation

Through this medium we wish to extend sincere gratitude to all our friends for many deeds of loving kindness, expressions of condolence, and beautiful floral tokens of esteem bestowed on the occasion of the illness and death of our lamented daughter and sister. To Drs. McCuistion and Hammond we are especially grateful for their diligent, untiring endeavors to alleviate and restore our loved one. And to Revs. Kirkes and Wooten for kindly administrations and words of comfort. Should the angel of death darken your home, may you be supported by such loving, thoughtful friends as have come to us in this our greatest bereavement.

Very gratefully yours,
G. W. Smiley and Family.

100 per cent. Roughage

BUCKEYE HULLS are real roughage in every particle. They are free of everything that has no value as forage. They are free of lint. They are free of trash. They are free of dirt and dust. When you buy

TRADE MARK
BUCKEYE COTTONSEED HULLS
LINTLESS

you are paying for nothing but roughage, and you are feeding your stock nothing that is worthless or injurious. Buckeye Hulls look like a real feed and are a real feed. Their very appearance will convince you that you should use them.

Even if Buckeye Hulls cost as much as old style hulls it would still be to your advantage to use them. Selling at several dollars per ton less, they put old style hulls beyond consideration.

Other Advantages

- Buckeye Hulls allow better assimilation of other food.
- They are sacked—easy to handle.
- They take half the space for storage.
- They mix well with other forage.
- Every pound goes farther.
- 2000 pounds of real roughage to the ton—not 1500.

Mr. S. L. Jones, Jackson, La., says:

"I have been feeding my dairy cows Buckeye Hulls and find that they do as well on Buckeye Hulls as on old style and that they like the Buckeye Hulls better than the old style."

To secure the best results and to develop the ensilage odor, *wet the hulls thoroughly twelve hours before feeding.* It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only *half* as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.

Wonderful New Arrivals In Charming FALL HATS

The new fall Hats now assembled in our Millinery Department are supreme in style individuality and quality; distinctive fashions that are removed many degrees above everyday commonplaces. Every successful new type for fall is included in this collection. These are Hats that discriminating women of fashion select and wear for all occasions.

Prices

$7.50 to $25.00

New Fall Suits

The straight-line silhouette-adored by every woman for the youthful slenderness it imparts—has returned at last, and dominates for Fall.

In suits the effects are particularly charming. Jackets are generally long, made without a curve at the waistline and embellished by smart little vests, or waist coats, large pockets, new cape collars and surplice forms of drapery at the front. Many combinations of materials are used, giving a wider variation and scope for individuality than has been seen in many seasons.

$15 to $82.50

New Antumn Dresses

The simple one or two piece dress takes the lead in Autumn dress fashions, and in these the straight silhouette is expressed most charmingly. Sleeves for day wear are usually long, many with fulness above the wrist; Bishop sleeves are strongly favored, and the elaborately rtimmed cuff takes quite a vogue.

In this showing of typical models, one may get a good idea of the things Fashion is "up and doing" in the "dress world," and every woman should make it a point to see them.

Silks $15 to $59.50
Wools $15 to $39.50

SHOES
For Gentlemen

In shoes for men we can meet the critical inspecion of the most demanding buyer, as to quality, price and appearance during the life of the shoe.

$7.50

Just as an instance we call attention to our regular $7.50 shoe for men, in all leathers, all widths, all sizes—either black or tan, a shoe that for style and comfort cannot be excelled at anything like this price.

New Silks and Dress Fabrics

Silks and Dress Goods that are worth making into garments for fall and winter wear—not the cheap and sleazy kinds that will come apart before they give service.

Tizzo Silks in kimona styles, 36 inches wide, selling at 85c.

Cheney Bros. Silks and Satins in kimona styles, 1.25, $1.50.

Silk Poplins in all colors, full yard-wide, selling at $1.00.

Fancy Plaid Suitings, 36-inch bright colors, at 50c and 75c.

Fancy Plaid All-wool Suitings, 48 inches wide, sell at $2.00.

Wool French Serges, specially good for the one-piece dresses, shown in all the leading shades, 36 inches wide.

All-Wool Serges of fine quality, 40 inches wide, for $1.50.

Broadcloths 50 inches wide, sponged and shrunk, complete line of colors, very desirable at only $2.25.

Fine Chiffon Broadcloth, 50 inches wide, in black only and in several grades, selling at $2.50, $3.00 and $3.50.

Fancy Plaid Coating materials, 56-inch, seling at $3.00.

Choose the Corset

Choice of a Corset here means satisfaction which is the first requisite, because it includes fit, comfort, good looks and wearing quality. The question of prices is one for the buyer to decide, for we have them at every price one would want.

Special models for every figure will be fitted by our Corsetiere who is a graduate of two schools.

The Kabo, back lace only, $1.00 to $3.00.
The Justrite, back or front lace, $1.00 to $5.00.
The Roberta, front lace noly, $5.00 and $8.50.
The Gossard, front lace only, $2.00 to $12.50.

Girls' Dresses

Girls' School Dresses, with long sleeves, made of excellent ginghams and in the very best manner, that will fit and wear.

For ages 6 to 14 years priced $1.00 to $4.00.

For the little tots, ages 2 to 6 years, priced 50c to $2.00.

"YE PLANRY" HOME No. 1052

The Original Aeroplane Bungalow

The (Original) "AEROPLANE BUNGALOW," and one of the most popular ever designed. The exterior is most pleasing, and the floor arrangement should be hard to improve upon. The outside of the house is covered with re-sawed siding, with rough side exposed and stained brown; all trimmings are painted gray. The porch is built up of mat brick, and the steps and both front and side porch floors are cement. You enter directly into the living-room, which has tile fireplace. This room, den and dining-room are finished alike, having hardwood floors and wood wainscoting. The den has built-in-bed, writing desk and bookcases. The dining-room has beamed ceiling, built-in buffet, with French windows and doors leading to pergola. In the kitchen all modern labor-saving conveniences are built-in. Just off the kitchen and opening onto the pergola is the breakfast room. By means of the hall the bed-rooms have convenient access to bath; from this hall stairs lead to the screened sleeping porch above.

This bungalow answers all the requisites for individuality, originality and convenience.

Opportunity

They do me wrong who say I come no more
When once I knock and fail to find you in;
For every day I stand outside your door
And bid you wake and rise to fight and win,
Wail not for precious chances passed away;
Weep not for golden ages on the wane;
Each night I burn the records of the day.
At sunrise every soul is born again.
Laugh like a boy at splendors that have sped,
To vanished joys be blind and deaf and dumb;
My judgment seals the dead past with the dead,
But never binds a moment yet to come.
Though deep in mire, wring not your hands and weep;
I lend my arm to all who say: "I can."
No shamefaced outcast ever sank so deep
But he might rise again and be a man.

—Walter Malone.

Don't wait for opportunities—make them! Two hands and a clear brain have made the opportunities of most of our successful men. Exercise your God-given gifts and you will find plenty of chances to better yourself.

A wise Roman proverb says: **"To begin is half of the work. Let half still remain; again begin this and you wilt finish."** There's the secret of opportunity. Begin—and stick to the accomplishment of a purpose.

A recent American proverb reads: **"Providence sends every bird its food, but does not throw it into the nest."**

The reason why so many of the present-day generation are homeless is because we want someone to throw us into a nest. "We wail for precious chances passed away," forgetting that with each sunrise there comes a day when we could begin. Providence linked with a man's ingenuity is daily providing many opportunities for home building.

If sickness and adversity have prevented you from owning a home, don't be discouraged; don't be downhearted; don't give up. The world always lends a helping hand to one who says "I can."

"Every day opportunity stands outside your door
And bids you wake and rise to fight and win."

A home will be yours if you resolve to build.

AMERICAN BOYS IN FRANCE SHOWN BIG GUN DISPLAY

Headquarters of the American Army in France, Sept. 7.—There was not a single American Sammy today who wasnt' willing to step right out under French gunfire and go at the Germans. Yesterday's exhibition of French artillery fire made a deep impression on the men.

Thousands of American soldiers sat on the rim of a mammoth amphitheater and watched French guns harrow a big section of the peaceful countryside in what probably was the greatest mock artillery battle ever staged.

Stretching across a valley a mile wide through alternating green and brown stripes, like a carpet, were the "Mackensen Ludendorff" and "Rupprecht" trenches. When the guns behind the "American lines" began to roar, the trenches were hidden under geysers of smoke and shattered soil. General Sibert and other American and French generals observed the bombardment from a point near a field telephone, where messages to the batteries were ssnt, demanding an ever-increasing fire.

The American soldiers only witnessed the "front" end of the artillery feat. The guns themselves were stationed in a forest, hidden from prying eyes. The Americans did see one phase o. the artillery warfare when ammunition limbers, deceptively camouflaged, scurried along a near-by road.

Interest of the troops in the bombardment was intense. Toward the last it was noted one stake of wire entanglements remained untouched. A command was telephoned to the gunners. Another single roar—and the stake and its tangled wires yanished.

"Atta boy!" yelled the delighted Americans.

A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISHBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

Citizens of Ben Franklin have made up a sum of money which they are offering as a reward for the arrest and conviction of an unknown burglar who entered a number of stores a few nights ago. Besides the business houses the depot was also entered, probably in search of whisky.

The wife of a well known German-American citizen of Lamar county received a letter a few days ago from a relative in the old country saying that German soldiers were dying on the battlefield with cholera.

Miss Elizabeth Roberts who has been visiting her sister, Mrs. D. O. Lowry, returned Wednesday morning to Paris. She will leave Saturday for Millerton, Okla., where she has a position in Wheelock Academy.—Cooper Review.

Mr. and Mrs. Ewing Strickland, who have been visiting their sister, Mrs. D. T. Chancellor and other relatives here, left for Paris and Texarkana to visit before returning to their home at Marshall. Mrs. Strickland was formerly Miss Alma Flanders, whose parents resided here for several years. She was married recently to Mr. Strickland who holds a responsible position at Marshall.—Cooper Review.

Harry Geron has bought the Dr. T. F. Roberts place at the corner of College and Clarksville streets and will move in this week.

Over forty bales of cotton were received yesterday and the prices ranged from 19.80 cts. to 22 cts. The rains made a good deal of low grade cotton.

G. E. Rodgers of Sylvan is entertaining a ne girl, and his neighbor, Louie Bills, has a new boy at his home.

J. C. Ring a former resident of Lamar county, who moved from Minter to Western Texas nine years ago, returned a few days ago on a prospecting trip and bought the Perry Bell place. He left yesterday afternoon for Clarendon, but will return with his family the first of next year to make their home here again.

A daughter was born to Harry Wooldridge and wife at Atlas Friday night.

The last issue of the Western Oil News, which is published at Ringling, Ok., published a dispatch from Paris which says: "Oklahoma companies are taking leases over Lamar county. A New Orleans syndicate has a big acreage here and expects to drill about eight miles south of Paris."

John Scarborough, an old resident of the Sylvan community, who has been in bad health for several months, is reported unimproved.

The automobile which young fellows from Roxton were riding in when they took mules from Mrs. Walter Strickland's lot without permission to pull it through the mud belonged to Dr. J. L. Jennings of that town. He has been away from home several days and it is thought his automobile was taken out several times, but this was the first time that it was stuck in the mud.

The Masonic bodies which recently purchased the Elks building have taken charge and it was suggested by a prominent member yesterday that the newspaper hereafter in referring to the building might speak of it as the "Masonic Temple."

The minority disabilities of Miss Della Carlton were removed in the disfrict court yesterday.

Yesterday was the close of the first week in the trial of the suit of B. L. Billingsley et al vs Texas Midland Railroad. It will take most of tomorrow toget through with the testimony, and the case will probably not go to the jury before Wednesday.

The Lamar County Teachers Institute will meet tomorrow at the Central Presbyterian church and will be in session all the week.

The roads between Paris and Dallas are said to be in worse traveling condition than they have been in a long time, many ruts being cut in the mon account of rains.

Tom Saylors and two daughters, living northeast of town, started in an automobile yesterday afternoon to Fort Worth. They had a puncture soon after starting and got bogged on the road between Petty and Honey Grove.

There will be a hot tamale supper at Forest Chapel church Friday night, September 21, for the purpose of raising money for the graveyard. Everybody invited.

Mr. Earl G. Hamilton and Miss Kate Aline Arnold were married at Greenville last Thursday and will be at home after September in Denison.

Rev. R. P. Shuler will preach to men and boys at 3 o'clock this afternon at the Bonham street Methodist church.

CANADIANS MAY DEPRIVE 50,000 OF CITIZENSHIP

Ottawa, Ont., Set. 7.—Conscientious objectors and citizens of alien enemy birth are made "men without a country" by the new franchise bill, which is before the House of Commons today.

While disfranchising these classes of men, the bill gives the vote to 400,000 mothers, wives, widows, daughters and sisters of Canadian soldiers in foreign service.

It is estimated 50,000 men will be deprived of their citizenship, if the bill becomes a law. They include enemy aliens who have become naturalized since March 31, 1902, conscientious objectors and members of sects who refuse war service on religious grounds.

To the Public.

The Lamar County Fair Association will not be responsible for bills conrtacted in its name without written or personal authority from either the president or secretary. Please get authority from one of the ndersigned before delivering merchandise or doing work for which you expect the fair to pay.

REASONS WHY DROPS SHOULD NOT BE USED IN THE EXAMINATION OF THE EYES.

1st. Because the advanced methods of optometry make the use of drops absolutely unnecessary. 2nd. Because of the guess work and inacuracy. 3rd. Because of the danger of the drops which are always poisonous. 4th. Because of the discomfort unnecessarily suffered and loss of time from work usually from two days to two weeks.

The reason drops are used is because the operator's time or knowledge is limited, and long experience in refracting eyes for glasses has taught us that (Drops Drugs) are not necessary and are harmful. We will forfeit any reasonable amount if we fail to prove our assertions.

A visit to our office and an examination by our methods will prove to you that we are second to none, or else our time will be free.

LAMAR COUNTY'S FIRST DRAFT FOR THE ARMY

Lamar county's quota for the national army from the first draft left yesterday for Camp Travis at San Antonio. It consisted of eleven men from District No. 1 and ten from District No. 2. The former, who left over the Texas Midland on the early morning train, were John M. Cross, Paris; H. V. Applebaugh, Paris; Robt. C. Drummond, Pine Bluff street; Regenold McCuistion, North 18th street; Fred B. Ivey, South Church street; Oscar Smith, East Houston street; A. F. Barnett, North West street; Ambrose B. Long, South Main street; Gilbert R. Streety, Caviness; Hayden Proctor, North Henley street; Roy Gibson, West Cherry street.

The contingent from District No. 2, who left via the Santa Fe in the afternoon was composed of Cleve Denson, Aude Hancock and Tom Maynard, Roxton; Joe Hillhouse, Blardstown; L. C. Dowlen, Petty; Reb H. Burks, Grady McHam, Clyde Humphrey and George Johnson, Blossom, C. W. Hudson, Glory. George Johnson was selected as captain to have charge of the men en route to the camp.

There were four Blossom men in the bunch and one for the navy. T. H. Dillard, one of the most patriotic men in Lamar county, furnished an automobile to bring them to Paris and he met them at the depot and handed each a $5 bill as a present from himself before they boarded the train.

A Wonderful Value Saxon Roadster at $395

You may think you have seen big values in motor cars. And perhaps you have.

But you have never seen a car offering so much visible, provable motor car value for the money as this Saxon Roadster.

Just stop and count some of the things that distinguish Saxon Roadster and make it the big-value car of the market.

First, it is the lowest-priced completely equipped car. The next lowest priced costs $600—that's over $200 more than the Saxon Roadster price of $395.

Next, it is the lowest-priced car with an electric starting and lighting system. Saxon Roadsters has the Wagner 2-unit type. The next lowest-priced car with thsi feature costs $750.

Then, Saxon Roadster is the lowest-priced car with a 3-speed transmission. and that means 25 per cent faster accelaration, more speed on less power, and it protects the motor from-overheating and over-working.

Saxon Roadster is the lowest-priced car with Continental motor. The next lowest-priced car with this attraction costs $1095.

Saxon Roadster is the lowest-priced car wit hdemountable rims and 30 inch x 30 inch tires. Further, Saxon Roadster is the most economical car in the world to own and drive.

A close and accurate record of upkeep costs turned in by thousands of Saxon Roadster owners shows that only 3c per mile completely covers all expenses including gas, oil, tires, service-attention, storage, depreciation on investment, and interest on investment.

Saxon Roadster is a handsome car, and roomy, too. Two passengers have room aplenty—both in seat space and leg length.

It is powerful and flexible. Every part is rugged and strong—built to meet hard service and long service without weakening.

Now, of all the year, is motoring time. Come in and see Saxon Roadster. Let us give you a demonstration in the "bargain" car. Price, $395, f. o. b. Detroit.

Saxon "Six" $935; Saxon "Six" Sedan $1395; Saxon "Six" Chummy Roadster, $935. F. o. b. Detroit.

OFFICERS URGING MEN TO LAY UP CASH FOR FUTURE

American Field Headquarters, France, Sept. 7.—American soldiers have so much money and so little to spend it for that General Silbert is trying to find some law to make the boys save part of their pay.

The khaki-clad boy from home has just three regular items to pay for—tobacco, hair cuts and laundry. He may cut out the laundry bill by doing his own washing.

General Silbert is trying to interest the soldiers in the American bond issues or the loans of the French government.

Uncle Sam's troops are second only to the Australian and New Zealand troops in the amount of money they earn. The Anzacs get $1.50 a day and are the highest-paid army in the world.

But both the Anzacs and the Canadians, who get $1.10 a day—the same pay as the Americans on foreign service—are compelled to reserve part of their pay for their dependents or to form a nest egg against the possible rainy day.

An occasional bottle of light wine or a daily ration of milk chocolate are practically the only "dissipations" open to the American troops.

Gambling is prohibited in the army. That closes the avenue of speculation.

A small number of foresighted fighters made a good-sized clean-up on tobacco when the tobacco famine hit the camp a couple of weeks ago. They had laid in reserve stocks of "makings" and "tailor-mades" and found quick sales at ridiculous prices—20 francs for a sack of alfalfa and as high as $1 apiece for cigarettes.

The majority of the soldiers are expected to adopt the saving suggestion willingly. In the British imperial army it has been proved that men can save money on 25c a day, and some French poilus lay aside some of their meager pay of 5c a day.

Notice

Paris, Tex., Aug. 24, 1917.

Pursuant to the authority vested in me by virtue of a resolution passed by the City Council of the City of Paris on the 24th day of August, 1917, and the powers vested in me by the said Charter, I hereby order an election to be held in the city of Paris by the qualified voters of the said city between the hours of 8:00 o'clock a. m. and 6:00 o'clock p. m. on the 25th day of September, 1917, for the purpose of electing a City Attorney for the city of Paris to fill the unexpired term of George P. Blackburn resigned.

The polling places and presiding officers for said election shall be as follows:

Ward One to be held at City Hall, E. A. Barnes, presiding officer.

Ward 2 at Johnson building, Grand Ave., J. R. Justiss presiding officer.

Ward Three at Court House, J. E. Bobo, presiding officer.

Ward Four to be held at Lamar Motor Company building, Lamar Ave., J. W. Webb, presiding officer.

All citizens of Paris qualified to vote for members of the state legislature and who have prior to this election resided in the county for six months and for thirty days in the ward in which they offer to vote are qualified to vote in this election.

Given under my hand and seal of the City of Paris affixed this the 24th day of August, A. D., 1917.

Ed H. McCuistion,
Mayor of City of Paris.

Fall Fashions

FOLLOWING the trend of the times Fashion has developed coats and suits along simple straight lines—no more elaborate flares, no "fussiness."

But, oh, what attractiveness has been embodied in each and every garment by that famous designer, Bischof.

You will be delighted with the new collars, for example—the "Duplex," the "Monoplane," the "Owl," the "Muffle Scarf," the "Kirby Kollar," etc.

The new lines are exceedingly becoming. Come in and see them.

(NEW OIL MILL)

ADVISES THE FOLLOWING

Daily Ration For Horses At Work

AMOUNT PER 1000 POUNDS LIVE WEIGHT. MEASURES MAY BE POUNDS, TONS OR BUSHELS.

RATION NO. 1.
10 measures oats, or
8 measures shelled corn with
1 measure Cotton Seed Meal
Give 3 quarts to 1 gallon at a feed.

RATION NO. 2.
1 measure Cotton Seed Meal with
4 measures corn and
5 measures oats.
Give 3 quarts to 1 gallon at a feed.

RATION NO. 3.
Mix 3 measures Cotton Seed Hulls with
1 measure Cotton Seed Meal
When well mixed combine
2 measures Meal and Hulls
3 measures oats
3 measures corn.
Give 1½ to 2 gallons at feed

RATION NO. 4.
5 measures Cotton Seed Meal
8 measures molasses
16 measures rice bran
5 pounds or 1½ gallons at a feed.

With any of these rations, feed roughness; prairie hay, wheat or oat straw, about 12 pounds at a feed.

Remember, Cotton Seed Meal is rich in Protein and not as much is necessary at a feed, as is necessary to get the same feed element when corn or oats, alone are used.

If at first the horse does not take to the Cotton Seed feed, he will come around to it, will relish it and will prove the feed is excellent.

SOUND ADVICE

The people of today are inflicting grave injury upon their eyesight because they do not understand it until too late. Neglect is robbing many persons of good vision. Eyesight changes constantly but so slowly that it is not until the harm is done that suspicion is aroused. Only a few minutes' time spent in my office will determine this and if I recommend glasses I will prove to you why they are necessary.

"The Armor of Light"

Paris has long been noted among Texas cities distinguished for the quality, variety and extent of the literary talent developed by its intellectual atmosphere. We are naturally and pardonably proud of the fact that our little city was the training school of several who matured into the foremost journalists of the nation, and a number of others who later, in variant fields of authorship, attained statewide reputation as writers of the first calibre. No less are we proud of the fact that we have contributed many of the stars of first magnitude to that brilliant constellation of pen-women whose achievements in the more fascinating realms of poesy and romance presage yet greater triumphs.

It will surprise no one and gratify a great many to learn that one of the most accomplished of our lady artists has scored a signal success of her first venture into the fields of dramatic composition. Miss Daisy Virginia Johnson"s "The Armor of Light,' 'a dramatic poem in three acts, has just been issued in brochure form from the press of the Bennett Printing Company.

Invoking the spirit of the Age of Chivalry and applying it to a moral and spiritual principle of the present, she has wrought most skillfully a rarely charming and musical story of the adventures of a prince in his quest of a new but beautiful conception of the Holy Grail. It is admirably conceived; as admirably constructed, and discloses in every touch the hand and soul of the artist.

NOTICE.

Paris, Texas, Sept. 6, 1917.

Pursuant to a resolution passed by the city council of the City of Paris on the 5th day of September, 1917, I hereby give notice that an election by the qualified voters, who are property tax payers of the City of Paris, will be held between the hours of 8 o'clock a. m. and 6 o'clock p. m. on the 9th day of October, 1917, for the purpose of determining the following proposition: Whether or not the City of Paris shall be authorized to issue the bonds of the City in the sum of Twenty Thousand Dollars, and levy a tax sufficient to pay the interest on said bonds, and create a sinking fund sufficient to redeem them at maturity; the said bonds to bear interest from date at a rate not exceeding five (5) per cent per annum, interest payable semi-annually; said bonds maturing 30 years from date, with the option of redeeming after ten (10) years from date, and to be issued for the purpose of improving streets, and to be known as Street Improvement Bonds, Series "H." The polling places and presiding officers of said election shall be respectively as follows:

Ward 1:—City Hall, corner 21st and Kaufman streets, E. A. Barnes, presiding officer.

Ward 2:—Johnson Building, Grand avenue, J. R. Justiss, presiding officer.

Ward 3:—Court house, J. E. Bobo, presiding officer.

Ward 4:—Lamar Motor Car Co's. building, Lamar avenue, J. W. Webb, presiding officer.

The form of ballot to be used in said election for those voting in favor of the issuance of bonds shall be as follows: "For the issuance of Street Improvement Bonds, Series 'H.'" The form of ballot to be used in said election for those voting against the issuance of bonds, as follows: "Against the issuance of Street Improvement Bonds, Series 'H'". The election is to be held in accordance with the general election laws of the state, in so far as the same are applicable and not in conflict with the provisions of the City Charter. Every property tax payer of the City of Paris, who is qualified to vote for members of the legislature of the state, and who has resided in the limits of the city for six (6) months, and in the ward in which he offers to vote for thirty (30) days, next preceeding the election, is entitled to vote. Given under my hand, with the seal of the City of Paris affixed, this the 6th day of September, A. D. 1917.

America's Future

The future of America is in the hands of its women. It is and has ever been woman's sphere to rear the generations. Thousands of women awaiting motherhood have helped nature in her glorious and wonderful work by the use of the safe, penetrating external preparation, "Mother's Friend". The muscles relax easily when baby is born and the crisis is safer for both the mother and the baby when "Mother's Friend" is used.

All druggists supply "Mother's Friend". Ask for it today and write The Bradfield Regulator Co., Dept. H, 300 Lamar Bldg., Atlanta, Ga., for free book, "Motherhood and the Baby". It will be sent to you at once.

To neglect the use of "Mother's Friend" for a single night is a mistake. The preparation has brought relief to millions of women at the most critical time in their lives.
